Buddies

Let's talk about my buddy Fidel
He lives in an orange world
Collecting dead wheelers in front of his truck
Let's talk about my buddy Bundy
He got the power to be always healthy
King of the mild chili as a matter of fact
You can see them on my side and behind
They 're all around me
Never unkind
Let's get singin' together for this world
Here comes Johnny Jumper
He can do the rictus way
The only one taking my jokes with a smile
Uncleberry's got a farmland
He can do everything with his hands
Now he knows hands are better than his eye
(,,,)
ooh my buddies
ooh my buddies
And me, yeah, I'm simply there
You know I couldn't sing it louder
That we all are proud to be Macadam Farmers
(,,,)

Honky Tonk Skit

Well my baby's always singin' the songs I can't hit
My baby's always dancin' these rhythm I can't beat
This universal sound, this universal music
My baby's always dancin' this honky tonk skit
So we're on the outs, it's takin' forever
Let's get one thing straight : it couldn't be worse
My baby's always singin', she ain't listen to me
Not dead but soon to be,,,Honky tonk skit
And the world is fallin' down
And I learned to fit in, don't jack me around
World is fallin' down
Don't give me speeches, I bet on it
Just show me the way to the Honky tonk skit
Well my baby's always tell me « you can't go wrong
You must leave this band that couldn't play these songs »
It's so easy to make fun of me, stupid corndog
So I gotta run to that honky tonk fog
« Well my name is Bobby babe and I'm back in town
I'm gonna see yo ladies so, fuck you clowns »
We're gonna play our music just to have fun
We'll give it to you all with our honk tonk gun
(,,,)
This universal system meaning less
Why should I care with this honk tonk mess
I'm really be screwed, I'm just bad news
I got to hand it to you, honky tonk blues
(,,,)
The honky tonk business
well well well
farmers are on the place
